**Rosewall Creek Work Party** (other) [return to Reports list](#)

Wed Apr 27, 2016

Leader: **Juanita Wells**

Co-Leader: **Janet Beggs**

Under clearing skies all of the work party members met up at the trailhead parking, signed all the necessary paperwork and headed into the bush at approx. 10am. After crossing under both highways and the train tracks the work started about 10 mins up the trail near the old flooding and log jam area. Devil's club alongside the trail was removed while Otto and Thomas stopped to cut out one of the many windfalls that would need to be removed from across the trail. Everyone then continued to clip back the overgrowth on both sides of the trail all the way to the falls. After a good lunch break at the falls the group then continued back on the same trail tidying up a few missed areas on the way arriving back at the vehicles at approx 4pm. A huge thank you to all who turned out for this work party. Your time and cooperation in making this a very productive and safe day is greatly appreciated. Great job!!
