Trip Report

Trent River , River Bed Walk (hiking) [return to Reports list](#)

Wed Aug 29, 2012

Leader: **Chris Carter**

Co-Leader:

Seven of us enjoyed a stroll along the Trent River bed to the west of the Inland Highway Bridge. Fortunately the weather was fine and the rocks not too slippery. We saw Dippers and several fry in the crystal clear water. This year the water level was the lowest I have seen at this time.

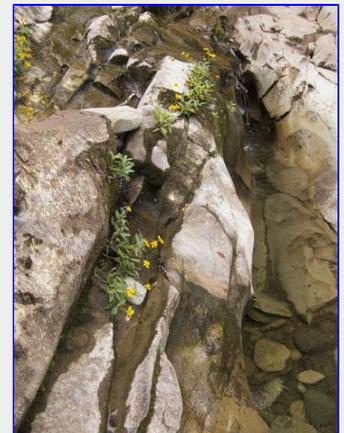

Hikers and the sky reflected in one of the many pools.

Newcomers could hardly believe the designs on this rock were not painted on !

Phil needed a Tim Horton's stop for a coffee.

Flowers grow in these crevices in the rock that are covered in water all winter long.
