# Trip Report

## Union Bay Coal Hills, Beach, Creek And Forest Hike (hiking)

[return to Reports list](#)

Sun Feb 19, 2017

Leader: **Janet Beggs**

Co-Leader: **Petra Strougal**

The night before we had 18 people on the list. In the morning the list shrunk to only 12 people. Eventually we had 9 enthusiastic hikers coming out in the liquid sunshine. We all were happy to come out and not be a couch potatoe. We've saw lots of bald eagles with their youngsters and we could hear the sea lions making noise in the distance.

The Union Bay Coal Mine has so much history to show, it was amazing to walk a little bit in the past. Thanks for coming out to make it a successful trip.

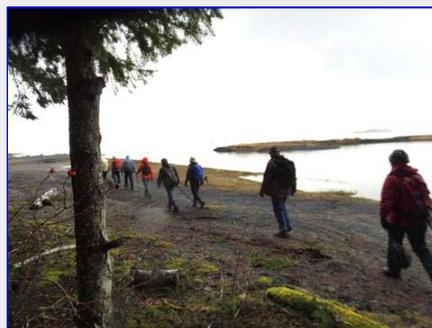

Here is an interesting video on the history of the coal mining practices in the Union Bay Washer/Hart Creek area: [https://m.youtube.com/watch?v=\\_JJBM4eQNi8](https://m.youtube.com/watch?v=_JJBM4eQNi8)
