## Trip Report

**Comox Bay Meander** (hiking) [return to Reports list](#)

Tue Feb 24, 2015

 Leader: **Glenn Ord**

 Co-Leader: **Sheila Ord**

A merry group of 10 convened at the Rotary Skypark to brave the sunshine and set out onto the tidal flats of Comox Bay. The afternoon start was timed to coincide with the low tide. Harold participated in his first club walk since his crushing accident last year, and joined the group for part of the walk. Rubber boots were the footwear of choice. The group navigated across the flats crossing shallow waterways and through a short section of boot sucking mud to reach the turn around point of Royston wrecks. The return journey was similar, all in all, a pleasant seaside afternoon. Total 12km, 2 1/2 hours.
