## Trip Report

**Mount Becher Snowshoe And Ski Trip** (snowshoeing)

[return to Reports list](#)

Sat Jun 04, 2011

 Leader: **Len Wells**

Co-Leader:

The three of us started out for the summit around quarter to six in the evening. The snow conditions were superb, and we did question if snowshoes were required. We did use them! With a leisurely pace that did start to pick up when we saw what Mother Nature had in store for us (refer to photos). We arrived on the summit around nine pm and the sun was officially down at nine twenty.

On our decent, we were graced with a magnificent crescent moon, and the twinkling lights of, not only the communities of eastern Vancouver Island, but as well four cruise ships heading south.

We arrived back at our vehicles around eleven thirty, and in town around midnight. I think we all were a little exhausted being out so late. Thank you ladies for coming on this trip.

Go Canucks Go!
