Event Report

Mike Blake Workshop (event) [return to Reports list](#)

Sat Mar 18 to Sun Mar 19, 2017

Leader: **Juanita Wells**

Co-Leader:

Nineteen members participated in a workshop about trip planning and navigation held at the Comox Valley Information Center.

Saturday was spent covering topics such as logistics, environmental assessments, gear, health, and risk management.

Sunday the participants got to learn about their compasses, maps, route finding and terrain features.

Throughout the weekend lots of thoughts and ideas were shared on what works and what doesn't.

Thank you to our facilitators, Mike and Lara for sharing your skills and awesome cookies!

Thank you also to all of the members who committed to a full weekend of learning and shared their own thoughts and ideas.

Class is in session
