Wesley Ridge Traverse (hiking) [return to Reports list](#)

Wed May 17, 2017

Leader: **Julianna Wells**

Co-Leader: **Juanita Wells**

5 of us headed down Island this morning at 730am for this trek. We left Cathedral Grove at 8:45am and walked the access road to the trail. The trail climbs sharply, gaining over 700m of elevation to reach the summit of Mt Wesley at 11:30am.

After a short break for a summit group photo and to sign the summit log, we continued on rambling along the ridge and enjoying the views before stopping for lunch in the sun.

We headed off just after 1pm to continue our ramble, checking out the views when they were available and enjoying the great weather and conversations along the way.

Our last two viewpoints before our descent were well-enjoyed as they offered fantastic opportunities for photos in the sunshine. Mt. Arrowsmith stayed hidden in the high clouds today but the views of the Strait were spectacular.

We made the steep descent back down to the highway to our waiting vehicle (arriving around 530pm), retrieved the second vehicle, and enjoyed ice cream at the Whiskey Creek Co-op before parting ways.

A big thank you to those who joined us today at short notice for this great walk.
