### Bike Trails Above Puntledge River (hiking) [return to Reports list](#)

Sun May 24, 2015

Leader: **Linda Hamilton**

Co-Leader:

Four members from the FMCBC AGM joined Pat and myself on a nice hike up the bike trails from the parking area near the Forbidden Plateau airstrip. The trip needed to be changed from the original plans of Wesley Ridge due to ride share constraints as we needed a shorter hike closer to town. As we approached different trails the group decided between less steep and more steep. We took the less steep and headed to the cabin on the Cabin Fever bike trail. It was too soon to turn around so we continued up to a bluff with a bit of view of Comox Lake. There were no mountain views as they were covered in clouds. The sun started breaking through as we headed down choosing a slightly different route that led us along Supply Creek and steep rock bluffs on our right side. We were back at the cars at 1:15 and at the Filberg by 1:30. I think a nice time was had by all and it was nice getting to know some new people and a little bit about their clubs.
