Tree Island (hiking) [return to Reports list](#)

Sun Apr 17, 2011

Leader: **Terry Fright**

Co-Leader:

Lovely sunny day for this trip with a great group of broom bashers.

The area, that CDMC members have been concentrating on for years, is almost free of this pesky weed. A few persistent seedlings will still pop up for a few years yet; but we have got it beat.

Still lots of work to control other areas though, but we are very optimistic. Even Melda would be pleased.

It was nice to have two young exchange students from Germany join us.
