Event Report

B C 2 Baja (event) [return to Reports list](#)

Fri Mar 01, 2013

 Leader: **William Wright**

Co-Leader:

A travel tour was the inaugural event to kickoff the 2013 CDMC social calendar, on Friday night.

Our trip was presented at Creekside Commons to both CDMC members & Creeksiders - this was a well attended event which saw the crowd enjoy the show as well as their generous potluck samplings.

The near 10,000 K journey launched at the beginning of December 2012 and for the better part of 2 months, travel was by sea, land & air, whereby 22 day trips were undertaken between Vancouver Island and Baja Sur in Mexico.

Along the way, we met up with Susan, another CDMC member, who with us completed a few excellent CDMC day trips in Mexico.

We covered a lot of terrain and because of the vastness of the distance covered, there were many regions explored that have now presented further windows to be opened.

On a few occasions the weather wasn't ideal but we do live on such a fabulous planet that even these days were marvellous outings.

One of the amazing side-notes of this presentation was that the majority of the presented slides were all taken with a 3 MP smartphone and surprisingly, showed quite well on the big screen.

The media success of this event has to go to Tim, who is always so generous with his support - as well, another thank you to Creekside who allow us both their time & this venue.
