Trent River And Area Trails (hiking)

[return to Reports list](#)

Wed May 04, 2016

Leader: **Juanita Wells**

Co-Leader: **Ed Tickner**

We couldn't believe our luck at the turn in the weather, what a glorious sun-shiney morning. With a bit of a breeze to keep us cool twelve hikers started out from the parking area at the end of Herondale rd in Royston at 9am. After a bit of a meander up the service road to the water tower into the trails we went. Eventually the group connected to the Union Bay Fire Service rd which then led us up to the Van West rd. Here we continued to the right up to the power lines. After a brief chat with a brush clearing crew, everyone headed north along the power lines to our lunch stop at the marsh. Continuing on the power lines after lunch, passing by the turn down Cherry Lane, the turn was finally made onto Moe's Misery. After traveling along side the Trent River for a ways a brief stop was made at a unique wooden bench to admire the view, find a geocache and take some pictures. Carrying on the group finished the trail along the river and headed back along the road connecting back to the water tower arriving back at the vehicles at approx 2pm. Thankyou everyone for such great company and cooperation in keeping everyone together at every intersection.

Just getting started
