## Trip Report

**Comox Lake Ecological Reserve & Bluffs (hiking)**
[return to Reports list](#)

Wed May 09, 2012

 Leader: **Bill Brown**

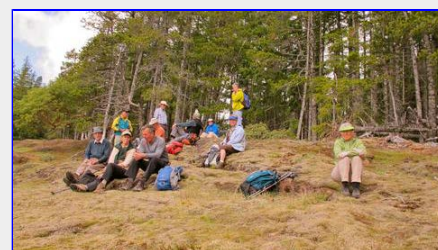

Co-Leader:

Glorious day of hiking mostly in sunshine on a route of about 20 kms, starting at Fish Hatchery parking area at Nymph Falls. Our knowledgeable leader, Bill, led us on a beautiful route up on trails, through lovely creek gulleys, past moss covered cliffs, through forest, meeting logging roads and onward up to Comox Bluffs where the wildflowers were blooming. Bill provided opportunities for spectacular views at the many lookouts on the route. We returned through the Ecological Reserve after sharing an excellent day with our veteran leader.
