Trip Report

Crest Mt (hiking) [return to Reports list](#)

Wed Sep 11, 2013

Leader: **William Wright**

Co-Leader: **Susan Holvenstot**

Stellar & sunny was the order of the day - remarkable blue sky with nary a hint of any wisps of white!

The 10 K, 1250 M jaunt was done in a little more than 8 hrs, roundtrip and presented magnificent views of the heart of Strathcona Park.

Many tarns on the summit were still full and even some with running water - the crew took advantage of this bonus for much needed cooling down!

Only one of the party had been here before and when there was plenty of snow so, this summery day was a treat to all.

A good day in the hills!
