Mt Seymour Quadra Island (hiking)

[return to Reports list](#)

Sun Apr 16, 2017

Leader: **Joe Lumsdon**

Co-Leader: **Gary Hanson**

Four Easter Bunnies hopped in a truck and made their way to the Ferry to Quadra Island early on Easter Sunday morn.

Leaving for Quadra from Campbell River at 7:30 am, we were at trailside and walking by 8:15 am. Destination Mount Seymour, with wanders to the two Nugedzi lakes as a possibility. The trail for the first 45 minutes was mostly straight up an old logging road to the well signed junction where we went right and up more. We stopped to enjoy the views of the islands and landscape of Georgia Strait/Coast mountains to the south and east and on to the west Strathcona Park peaks and those outside the park a bit more north. A real peak finder view paradise.

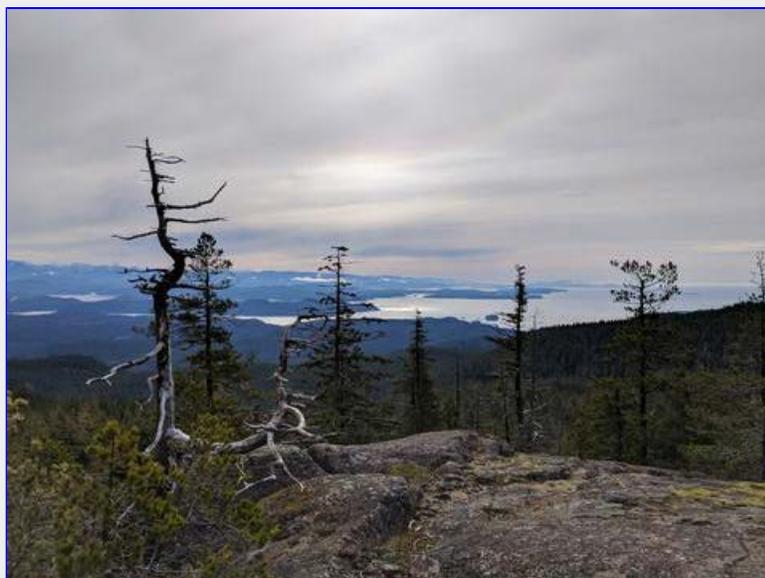

After a snack we walked down the Mount Seymour peak trail back to the main trail and headed on the way to the small Nugedzi lake following the trail around it to another lookout of Seymour Narrows, Ripple Rock and Browns Bay. We enjoyed a lunch break about 11 am. Then a short jaunt to larger Nugedzi gave us a view of the lake that can be fun for summer time swimmers.

We returned to the main trail and retraced our steps towards our vehicle. As expected the trail was mostly down and uneventful. We were back to the truck just after 12:30 pm. The Quadra chapter of our day was closing as we made our way back to the ferry dock.

Great way to spend an Easter Sunday. Good exercise. Splendid panorama of views in all directions and great company.

Distance 11Km Elevation 480m gain

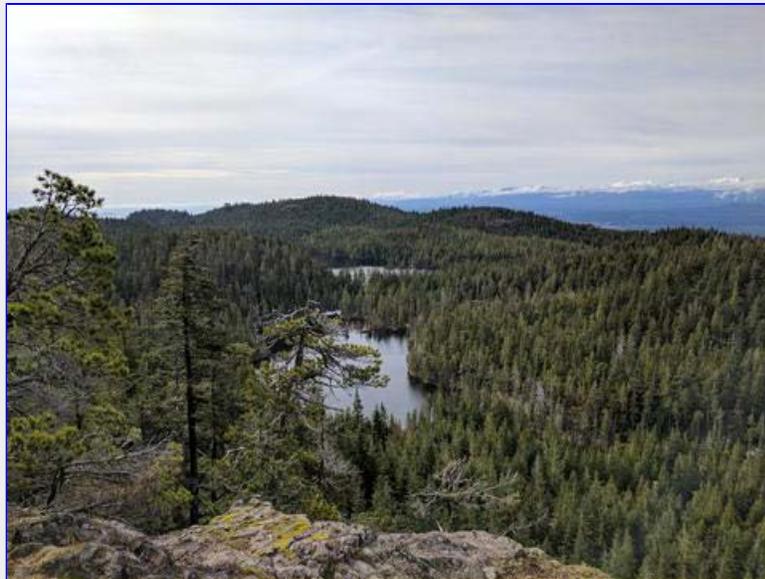

Thanks Gary for doing the bulk of the lead chores on this trek.
