Royal Lepage 2013 Snow To Surf Adventure Race (event)

[return to Reports list](#)

Sun Apr 28, 2013

Leader: **William Wright**

Co-Leader:

Racers awakened to a beautiful sunny Sunday which was much better than forecast and for the most part, the weather held for the remains of the day.

The CDMC MUTINEERS, competing in a new division for 2013, managed their first entry onto the podium with a Silver place finish - a hearty congrats to the many efforts of our team!

Also, to Tim & Carol who worked tirelessly to record these efforts and a few of their many hundreds of pics will eventually be forwarded onto this report.

The race this year had it's challenges:

The new snowshoe leg had to wend it's way through the logistics of competitors running the first 3 K, carrying their snowshoes and then, donning them for another 3 K before having to remove & carry them, again, for the last 1 K.

The cross-country runner was routed entirely off-road on a very gnarly downhill route where much caution had to be exercised.

Also the extreme low tide forced the canoe to follow the narrow river channel for a much further distance and into a stiff onshore wind that almost forced cancellation of this stage.

As well, the team was a division older this year, competing in the Great Grand Masters Category and was actually the oldest mixed team in the entire race.

Despite all these challenges and a slower time from last year, which resulted in a lower placement overall, the team jelled nicely and was handsomely rewarded with their booty haul!

A terrific day, highlight filled and well enjoyed, culminating in our annual boisterous banquet at the Black Fin - the team did us proud!

[Check out these additional photos of the Mutineers](#) from my Fotki site.
