Event Report

2012 Snow To Surf Royal Lepage Adventure Relay Race (event)

[return to Reports list](#)

Sun Apr 29, 2012

Leader: **William Wright**

Co-Leader:

Another fine punt and effort by the CDMC Mutineers as the weather gods presented the race with, once again, a reasonable day without inclement conditions.

The Mutineers were in contention throughout the race but, by the bell, our time had slid a bit, from 2011, with some segments of the course a bit more demanding, this year and an increased competitive edge to our division, over last year. We did manage to put together some strong individual performances and a very solid effort was put forth by the entire team even though we slipped a couple of notches in our division standings.

One of the exceptional parts of our team is that we remain competitive despite the fact that in our division we, as the eldest team, give away as much as 20 years - some of our 60 + years are facing down some very young 40 year olds!

I keep telling our Grand Masters Mixed Team that if we're still all alive in 4 years, we can then compete as the New Kids in the Great Grand Masters Mixed Category.

All in all, a wonderfully fun day, thoroughly enjoyed by the team and a great wrap-up dinner, at a local pub, after the Snow to Surf Party & Presentations.

I'd just like to thank our entire team & support members who all helped contribute to another successful year, for the Mutineers and who were all willing to take one more crack at the can - also, a large thank you to all those club members who took the time to come out and support us!

See you in 2013 - for those that are interested, the Snow to Surf website has posted the 2012 race results.
