## Trip Report

**Trent River , River Bed Walk (hiking)** [return to Reports list](#)

Wed Aug 24, 2011

Leader: **Chris Carter**

Co-Leader:

The Trent Riverbed Ramble went off without incidents ! This year Chris did not fall into the big pool. Early on we saw a pair of Dippers (birds) and there were Salmon Fry in many of the larger pools. the geology of the area cretaed plenty of interest although we were without a Museum Guide to explain what we were seeing. There was a greater flow of water this year. The falls were pretty but the wild flowers a little "washed out". I am including a photo of the flowers from last year by comparison. We ate lunch at the sandstone falls and walked safely back to the cars.

*Next step there !*
