Trip Report

Bloedel Creek (hiking) [return to Reports list](#)

Sun Aug 24, 2014

 Leader: **Bucky Buchanan**

 Co-Leader: **Ken Rodonets**

A pleasant walk in the shade of the creek canyon. The usual boulder sections and deadfall to contend with but easily circumvented. Two of the falls proved difficult but Ken lead a bypass route thru the bush. The Bloedel is excellent habitat for American Dippers and several were observed at each waterfall. A short round trip of 5.2 kms. Nice walk down on the creek beds, in the shade.
