**Group Management** (event) [return to Reports list](#)

Tue Jul 30, 2013

 Leader: **Bob St.John**

Co-Leader:

We had a good turnout for this event considering summer is a busy time for most people. Dave Woolridge came to address the topic of group management, an important topic for both leaders and participants. To begin the evening, Dave had us break into groups to write down our thoughts on three topics:

- Why we joined the CDMC
- Leader Responsibilities
- Participant Responsibilities

For the rest of the 2 hour session we concentrated on leader responsibilities. There was much discussion on various aspects of managing participants on trips in a safe manner, yet still allow flexibility for various situations. I am not going into details here as the results are currently being compiled by Bev. The outcome of this process will hopefully be a simple checklist for leaders to use in preparing for their trips.

In the not too distant future we wish to repeat the same process for participant responsibilities. A reasonable goal would be to have these results nailed down for the fall Leaders Meeting.
