### New Zealand Naturally (event) [return to Reports list](#)

Fri Jun 29, 2012

Leader: **William Wright**

Co-Leader:

Another fine Friday CDMC Show, at Creekside, was not only enjoyed by local club members but by visitors from both around the Island as well as associate members dropping in from Germany (we've gone global).

Glenn kicked off New Zealand Naturally with a nice overview of the Islands and then, Jacqueline took us on some guided treks of both North & South Island.

Chris closed the slide shows with some beautiful shots of lesser travelled regions of South Island.

We broke for a brief intermission to enjoy sensational snacks and then presented a fabulous New Zealand movie "Boy", thanks to Glenn & Sheila's suggestion and Jacqueline providing a copy.

"Boy", a Maori coming-of-age movie is the all time top grossing movie in New Zealand, both shot & shown there and has won several international film festival awards.

Many thanks to the presenters for a well scripted show and especially to Tim & Creekside for their efforts in staging these presentations.

Also, a club member made available, to those attending, a trip report that was done for the ACC of New Zealand's 9 Great Walks.
