## Beaver Lodge Trust Lands (hiking) [return to Reports list](#)

Sun Jun 09, 2013

Leader: **Marianne Muir**

Co-Leader:

For 3 hours, we explored the Beaver Lodge Trust Lands in Campbell River, walking clockwise around the outer edges of the park then back to the Trask Road parking area on some interior trails - approximately 10 kms in all. The forest was filled with bird songs, notably the Swainson's thrush and the winter wren. We drove to the the Oyster Bay rest area on hwy 19A for lunch. All in all a delightful late spring, early summer walk.

(Marianne)

Here is the GPS track of our route today <http://goo.gl/maps/6ZtLk>

A good mountain biking map of the trails is here <http://cvmtb.com/index.php/trails-maps/maps/beaver-lodge-map/>

Coincidentally a week ago was the 20th anniversary of the Beaver Lodge Lands trust <http://www.courierislander.com/news/local/campbell-river-marks-20th-anniversary-of-beaver-lodge-land...>

The 415 hectares is managed by the Greenways Land Trust <http://www.gocampbellriver.com/outdoor-activities/hiking/243-outdoor-activities/hiking/3784-campbell...> (cf. Seal Bay Park & Forest is 652 hectares.)
