Trip Report

Trent River (hiking) [return to Reports list](#)

Sun May 25, 2014

 Leader: **Otto Winnig**

Co-Leader:

Otto was somewhat amazed by how many people turned out on a rather grey day for this trip. 24 in total and several from out of town.

The route followed inland parallel to the Trent River for several km. and around to the old viewing platform by a marsh filled with yellow water lilies. Continuing north to the power line and then east along the bank above the Trent River.

A few raindrops fell along the way, however everyone stayed dry.
