## Trip Report

**Rosewall Creek (hiking)** [return to Reports list](#)

Sun Oct 11, 2015

 Leader: **Glenn Ord**

 Co-Leader: **Sheila Ord**

Many people have driven along the 19A and passed by signs for Rosewall Creek Provincial Park and not realized that there is quite a nice hike to be done along the river.

We had 11 hikers for the Thanksgiving week-end walk. It was an overcast day and the river was in full flood from the previous day's rain. Early in the walk, we reached a spot where the river had flooded over the trail and 3 of us took our shoes off to wade across.

The moss and ferns in the rain forest looked rejuvenated by the early autumn rains. The maples had lost most of their leaves, but the slugs and mushrooms were out. But it was mostly about camaraderie and seeing the river and falls in full flood. It was a shortish walk, punctuated by a small obstacle course towards the falls to get better views.

We were all back in town by 2:00pm, in time for Sunday occasions.
