## Trip Report

**Boston Ridge Loop** (hiking) [return to Reports list](#)

Sun Sep 27, 2015

 Leader: **Otto Winnig**

 Co-Leader: **Susan Osso**

With blue skies and a sunny day ahead, ten hikers headed out at 8 am from Harmston Ave reaching the Boston Ridge trailhead by 8:45. The previous days of rain were evident in the vivid hues of green flora and the rather large puddles. Not deterred in the least, the group hiked on and broke at the top of the first hump where they were joined by Allen, Terry and Juanita. Thanks again to Allen and Ken R. for helping with the Boston Ridge work party held a couple of weeks ago. The group also met a family using the trail and introducing the mountains to the next generation.

At the top we were graced with superb vistas of the Comox Valley, Comox Lake, and the Beaufort Range, along with the Comox Glacier and all the surrounding peaks. Mushrooms were plentiful as we noted with one participants assortment of delectable finds. Basking in the sun the hikers feasted on their lunch while overlooking the glacier. Much too soon it was time to head onward to complete the loop hike.

Thanks to Otto and Susan for planning the hike, as well as to all those who participated. Together we created another wonderful memory of a fine day spent in our mountains.
